

# Joint Finance Committee

Tuesday, April 29, 2025

7:30 AM

Elk River City Hall

## Special Meeting Agenda

- 
1. CALL MEETING TO ORDER
  2. NOMINATE AND ELECT JFC CHAIR
  3. CONSIDER AGENDA
  4. CONSIDER MINUTES
    - 4.1 09-24-2024 JFC Minutes
  5. GENERAL BUSINESS

Items in which the information is presented by city staff or consultants, then deliberation and action occur. General Business items are not opportunities to receive or provide public input. However, the presiding officer may, at its sole discretion, solicit public feedback.

    - 5.1 Review EDA Microloan Program(s)
    - 5.2 General Updates
  6. ADJOURNMENT

**Meeting of the Joint Finance Committee  
Held at the Elk River City Hall  
Tuesday, September 24, 2024**

**Members Present:** Commissioner Charlie Blesener, Committee Member Ryan Hardin, Committee Member Jim Gromberg, Commissioner Nate Ovall, Commissioner Dan Tveite

**Members Absent:** Committee Member Chad Vitzthum, Committee Member Rhonda Magnussen, Committee Member Tony Sofio, Commissioner Lynn Caswell

**Staff Present:** Economic Development Director Brent O'Neil, and Economic Development Specialist Josh Mollan

**1. CALL MEETING TO ORDER**

Pursuant to due call and notice thereof, the meeting was called to order at 7:34 AM by Chair Tveite

**2. CONSIDER AGENDA**

**Moved by Committee Member Ryan Hardin and seconded by Commissioner Nate Ovall to approve the agenda. Motion Carried 5-0.**

**3. CONSIDER MINUTES**

**3.1 May 14, 2024 Meeting Minutes**

**Moved by Commissioner Blesener and seconded by Committee Member Gromberg to approve the May 14, 2024 Meeting Minutes. Motion 5-0.**

**4. GENERAL BUSINESS**

**4.1 Modern Construction Microloan Application**

Mr. O'Neil shared the staff report.

Commissioner Ovall suggested taking a look at the policy for the microloan program and consider an alternative rate structure, but is okay with this request.

Chair Tveite suggested taking a look at the lease Topsy Chicken would have with Modern Construction to show support for their cash flow.

Committee Member Hardin also suggested reviewing the policy to avoid deviations from the guidelines, but if there is a personal guarantee, he is agreeable with the request.

Mr. O'Neil advised that Modern Construction does not meet the minimum 10% contribution to the project. He advised that the microloan could be reduced and Modern Construction's contribution could increase to meet the 10% threshold.

Chair Tveite suggested avoiding deviating from the 10% minimum applicant contribution.

Mr. O'Neil also asked the committee about timing of the project relative to program parameters about a project not commencing prior to program award, including that the building had already been acquired. The committee was in favor of including the purchase price of the building in the overall project cost, and suggested that with timing of government processes that reasonable exceptions to this timing would be acceptable.

*Commissioner Ovall left the meeting at 7:54 a.m.*

**Moved by Committee Member Hardin and seconded by Committee Member Gromberg to recommend approval of Modern Construction's microloan application with the following conditions:**

- 1. Adjustment of Modern Construction's contribution, and the EDA's microloan amount to meet the 10% applicant contribution threshold.**
- 2. Request a personal guarantee from Modern Construction's owner, Jesse Hartung.**
- 3. Staff review of additional financial documents.**

**Motion Carried 4-0.**

#### 4.2 General Updates

Mr. O'Neil shared that staff will be looking into reviewing all policies with guidance from financial advisor Ehlers.

Mr. O'Neil advised that the Heritage Millwork project is underway.

Mr. O'Neil advised that Distinctive Iron is seeking a two-year extension on their loan and as the loan is current and meets conditions for the extension, staff will be bring the request directly to the EDA.

#### 5. ADJOURNMENT

There being no further business, Chair Tveite adjourned the meeting at 8:08 AM.

---

Tina Allard, City Clerk

# Request for Action

**To**  
Joint Finance Committee

**Item Number**  
5.1

**Meeting Date**  
April 29, 2025

**Prepared By**  
Brent O'Neil, Economic Development Director

**Item Description**  
Review EDA Microloan Program(s)

**Reviewed by**  
Josh Mollan

## Action Requested

Provide feedback on possible changes to the EDA Microloan programs.

## Background/Discussion

We have received multiple inquiries in recent months about ways the EDA loans may be able to help small businesses. In several cases the business/project inquiring would not qualify for any program offered by the EDA. It is possible that some of these businesses would be eligible if the criteria for qualifying were to be expanded. One option would be to expand the downtown program, which starts on page 7 of the application packet. The current boundaries are on page 19. Another alternative is to consider a new subprogram with a broader reach, and with criteria that meet the objectives of the committee and EDA. This could involve a separate geographic portion of the city, or specific qualifying criteria city-wide.

We will be looking for ideas and feedback from the committee about moving forward possible changes to expand the programs. With the program under review, it may also provide for a discussion on current interest rates, automatic payments, structures for handling extension requests, and other items the committee wishes to discuss. We would envision a May-June 2025 adoption of any changes.

Additionally, we'd like to obtain committee feedback on utilizing software or other methods of bringing best practices to the administration of loan programs.

## Financial Impact

N/A

## Mission/Policy/Goal

Support commercial and industrial development.

# ELK RIVER ECONOMIC DEVELOPMENT BUSINESS MICROLOAN FUND GUIDELINES, POLICY & APPLICATION

## I. POLICY PURPOSE

The Economic Development Authority for the city of Elk River (EDA) recognizes the need to stimulate private sector investment into manufacturing and certain commercial facilities and equipment in order to create new jobs, boost productivity and retain existing jobs for local residents. Additionally, the need exists to encourage investment in the expansion and/or rehabilitation of commercial and retail buildings in order to maintain the economic viability of the city and in the Downtown District. Subsequently, the purpose of this microloan program is to provide low interest, long-term (i.e. greater than one year) loans as incentives for new industrial and commercial development within the city of Elk River and to encourage commercial and retail business owners in the Downtown District to rehabilitate their existing buildings.

## 2. ELIGIBLE BUSINESSES

Any project located or proposed to be located within the city limits of Elk River as defined by this microloan program, may be eligible for a Microloan as further defined herein:

- Unless otherwise stated, business must be a for-profit corporation, partnership, or sole proprietorship.
- Business must be a *small business* as defined by the Small Business Administration (SBA).
- Religious, political, and pornographic enterprises are not eligible.

## 3. MICROLOAN FUND TERMS & CONDITIONS

### Loan Structure

All Economic Development Microloans shall be structured as direct loans unless otherwise approved by the EDA Finance Committee. If a participation loan is requested, an agreement will be signed by the borrower, primary lender and the EDA.

The EDA may require additional agreements to be signed by the borrower (i.e. security agreement, personal guarantees, business subsidy agreement).

### Simultaneous Microloans

The simultaneous use of different EDA microloan programs by any one borrower or for any one project is prohibited.

### Loan Repayment

Jobs Incentive funds, including principal and interest received may not be used to support restaurant, retail, casinos, or sports facilities.

**Call of Loan**

A loan shall become due and payable in full if a business relocates outside of the city of Elk River prior to the maturity date of the loan.

**Late Payment Charge**

A late payment charge of 8% of the installment amount will be enforced following a grace period of 10 calendar days.

**4. REGULATION FOR NEW CONSTRUCTION AND IMPROVEMENTS**

All buildings which public funds will be used for construction or renovation are to be brought into conformance with city ordinances and state building codes.

**5. LOAN SECURITY AND GUARANTEES**

Applicant must be able to secure the loan by providing the EDA with a minimum of a subordinate mortgage upon the building and/or assets or other approved collateral equal to the amount of the loan.

Applicant must demonstrate the financial means to repay the loans, as determined by the EDA.

Whenever possible, personal, corporate, and/or entity guarantees will be made part of any loan agreement.

Key person life insurance may be required as determined by the EDA Finance Committee based on loan amount and company ownership partners.

**6. TIMING OF PROJECT EXPENSES**

No project should commence until the EDA has approved the loan application. Any costs incurred prior to the approval of the loan application are not eligible expenditures.

No building construction should commence until the required city permits are secured.

The applicant will be responsible for all legal, recording, and other fees required for protection of a security interest in the loan, payable by a \$500 processing fee, which is paid at the time of application. In addition to the processing fee, all legal and filing fees shall be paid by the borrower at loan closing.

Closing of the Microloan should be simultaneous with the borrower's primary funding. The EDA should be given two weeks' notice before closing.

## 7. PROCEDURAL GUIDELINES FOR APPLICATION AND APPROVAL

1. All applicants shall first contact a primary lending institution to determine if additional equity is needed, and if so, how much (if applicable).
2. The applicant shall then meet with city staff to obtain information about the microloan program, discuss the project, and obtain application forms.
3. The applicant shall complete and submit an application form to the city, along with a \$500 processing fee. The fee is used to cover processing expenses and any remaining funds will be returned to the applicant. The applicant must provide evidence of their ability to meet the 10% equity requirements or provide a letter of commitment for conventional financing from the primary lending institution.
4. The EDA is a governmental entity and as such must provide public access to public data it receives. Data deemed by Applicant to be nonpublic data under State law should be so designated or marked by Applicant. See Minn. Stat. Sections 13.59, Subd. 1, respectively.
5. The application will be reviewed by the city staff to determine if it conforms to all city policies and ordinances and to consider the following:
  - a. The availability and applicability of other governmental grants and/or microloan programs.
  - b. Whether the proposed project will result in conformance with building and zoning codes.
  - c. Whether it is desirous and in the best interests of the public to provide funding for the project.
6. The EDA Finance Committee and EDA Commissioners will review each application in terms of its consistency with the goals of the city's Comprehensive Plan and Economic Development Strategic Plan and in relation to the project's overall impact on the community's economy. Downtown Revitalization Loan applications will also be reviewed by a Housing & Redevelopment Authority Commissioner in conjunction with the EDA Finance Committee. Energy Efficiency Improvement Loan applications will also be reviewed by an Energy City Commissioner in conjunction with the EDA Finance Committee.

The EDA Finance Committee will evaluate the project application in terms of the following:

- a. Project Design - Evaluation of project design will include review of proposed activities, timelines and a capacity to implement the project.
- b. Financial Feasibility - Availability of funds, private involvement, financial packaging and cost effectiveness.
  - Appropriate ratio of private funds to Microloan funds.

- Sufficient cash flow to cover proposed debt service as demonstrated by financial statements and projections.
  - Letter of Commitment from applicant pledging to complete the project during proposed project duration, if the loan application is approved.
  - Letter of Commitment from other financing sources stating terms and conditions of their participation in the project if applicable.
  - Sufficient collateral.
- c. All other information as required in the application and/or additional information as may be requested by the Economic Development staff.
- d. Project compliance with all city codes and policies.
- e. Microloan Objectives - In addition to quality job and wage creation/retention requirements, the applicant must meet all Microloan Fund criteria and demonstrate how the proposed activities will meet at least one of the following objectives:
- The project contributes to the fulfillment of the city's approved and adopted economic development and/or redevelopment plans.
  - The project prevents or eliminates slums and blight.
  - The project increases the local tax base.
  - The project brings a structure into compliance with an existing building code violation.
7. A written request for an extension shall be accompanied by a copy of current financial statements and a \$500 upfront processing fee. The processing fee is used to cover processing expenses. The application for an extension beyond the original term should include a letter of denial from a conventional lender.
8. The EDA Finance Committee will recommend the approval, denial, or request a resubmission. A recommendation from the Finance Committee will be forwarded to the EDA for recommendation of approval, denial to the City Council for final action.

**8. MICROLOAN POLICY REVIEW**

The above criteria will be reviewed on an annual basis to ensure that the policies reflected in this document are consistent with the economic development goals set forth by the city.

**9. RIGHT OF REFUSAL**

The EDA may deny any application if it is found not consistent with the goals of the city's Comprehensive Plan and Economic Development Strategic Plan and in relation to the project's overall impact on the community's economy.

## 10. COMPLIANCE WITH MN BUSINESS SUBSIDY LAW

All developers/businesses receiving financial assistance from the City of Elk River shall be subject to the provisions and requirements set forth by the City's Business Subsidy Policy as amended and Minnesota Statutes Sections 116J.993 to 116J.995 (the "Minnesota Business Subsidy Law") if applicable.

## 11. Agreement to Pay Costs of Review

It is the policy of the city of Elk River to require applicants to pay costs incurred by the city in reviewing and acting upon applications, so that these costs are not borne by the taxpayers of the city. These costs include all of the city's out-of-pocket costs for expenses, including the city's costs for review of the application by the city's Financial Consultant and City Attorney, or other consultants, recording fees, and necessary publication costs.

The application processing fees cover anticipated costs; costs incurred above the application fee will be invoiced as they are incurred, and payment will be due within thirty (30) days. Any unused portion of the application fee will be returned to the applicant. If payment is not received as required by this agreement, the city may suspend the application review process and may deny the application for failure to comply with the requirements for processing the application. Payment for costs will be required whether the application is granted or denied.

## 12. Microloan Programs

In order to meet the economic and community development objectives of the EDA, five distinct microloan programs exist within the Business Microloan Fund.

### Industrial Incentive Loan

Purpose: The purpose of the Industrial Incentive Loan is to encourage industrial and high technology business development that supports the tax base and brings quality jobs to the city.

Amount: Up to \$200,000 of secondary financing not to exceed 20% of the total project cost.

Remaining Principal: Must have private-sector commitments for 50% of the project cost. Borrower must provide 10% or more of project financing.

Rate: Fixed at 3%

Term: Loans must mature within 5 years, but must be amortized over a longer period of time. The balloon payment must not be longer than the balloon payment of the participating bank if applicable. Loans may be amortized up to the following limits:

20 years on real estate uses;  
10 years on equipment uses.

Extension: In the event that the Borrower is unable to pay off the loan or refinance the Microloan at the end of five years, the loan may be extended up to two additional years at 3% interest.

Criteria: Borrower must be an industrial or high technology business and create or retain one new full-time job for each \$20,000 loaned within 2 years. Said jobs must pay a minimum wage of \$15.00 per hour excluding benefits required by law. Loans of \$75,000 or more shall meet the city of Elk River Business Subsidy Policy for the creation of new jobs at a minimum wage of \$15.00 per hour excluding benefits required by law, as well as a 5-year location requirement.

In the case where multiple sources of public financing are requested (e.g. Microloan and Tax Increment Financing) job creation goals shall not be double-counted.

Borrower must comply with the provisions of the city's Industrial and Business Park zoning ordinances as applicable.

**Permitted Fund Uses:**

- a. Building construction
- b. Land acquisition
- c. Machinery
- d. Furniture, fixtures, and equipment (FF&E)
- e. Renovation and modernization of buildings
- f. Public infrastructure needed for economic development expansions
- g. Investment real estate with a minimum of 50% of the space pre-leased

**Ineligible Fund Uses:**

- a. Expenditures for the construction and/or renovation of residential units
- b. Inventory
- c. Refinancing of existing debt
- d. Working capital

**Downtown Revitalization Financing Loan**

Purpose: The Downtown Revitalization Financing Loan is available to business and property owners in the Downtown Area primarily for the rehabilitation and restoration of older buildings, as well as new business development. Non-profit organizations may be considered. The Downtown Area shall be described as that area in the attached in Exhibit A.

- Amount: Up to \$74,999 of secondary financing not to exceed 20% of the total project cost.
- Remaining Principle: Must have private-sector commitments for 50% of the project cost. Borrower must provide 10% or more of project cost.
- Rate: Fixed at 3%.
- Term: Financing with a balloon payment in up to 5-years. Loans may be amortized up to the following limits:  
     20 years on real estate uses;  
     10 years on equipment uses.
- Extension: In the event that the Borrower is unable to pay off the loan or refinance the Microloan at the end of five years, the loan may be extended up to two additional years at 3% interest.
- Criteria: At a minimum, 20% of Microloan dollars must be used for the improvement of the building façade, with exceptions to be considered when it appears the façade improvements are not necessary. Financing of leasehold improvements will be considered at a limit of \$25,000.

**Permitted Fund Uses:**

- a. Building construction
- b. Renovation and modernization of buildings
- c. Furniture, fixtures, and equipment (FF&E)
- d. Exterior renovation of retail or commercial buildings
- e. Financing of leasehold improvements including façade improvements will be considered at a limit of \$25,000
- f. Expenditures for the construction and/or renovation of residential units

**Ineligible Fund Uses:**

- a. Inventory
- b. Refinancing of existing debt
- c. Working capital

**Energy Efficiency Improvement Loan**

Purpose: The Energy Efficiency Improvements Loan is available to property owners of commercial or industrial buildings in Elk River to provide low interest loans to businesses to invest in energy efficiency and improve their profitability through reduced energy costs. In addition, the microloan program helps the city of Elk River use energy conservation as an economic development tool. Non-profit organizations may be considered.

Amount: Applicants may apply for the cost of improvements up to \$74,999

Equity: Must have a minimum of 10% equity provided by the borrower.

Rate: Fixed at 3%

Term: The maximum maturity date of the loan will be determined by the useful life of the improvement and the energy payback achieved as determined by ERMU.

For projects that have a shorter length of payback (2-5) years as calculated according to energy savings, the loans will have an initial maturity of up to 5 years from the date of closing.

Longer life improvements (6-15 years) may apply for a longer maturity of up to 10 years.

Criteria: Microloan funds shall be spent on energy efficiency improvements outlined below or related building improvement costs

Applicant must agree to energy audits conducted under the utility company's Conservation Improvement Program (CIP). If warranted, engineering studies then are performed on facilities with conservation opportunities under the utility company's CIP Program.

Energy efficiency is defined as improvements that are rebatable by the Elk River Municipal Utilities (ERMU) or the utility provider for the property if not ERMU. Proposed energy efficiency improvements that do not qualify for the utility's prescriptive rebate program will be reviewed and approved by the utility company servicing the upgrade measures (e.g. Elk River Municipal Utilities, Connexus, CenterPoint) along with a letter indicating eligible utility rebates.

Utility rebates as applicable will be assigned to the Elk River EDA and applied toward principal repayment of the loan.

An Elk River Energy City Commission member will be asked to participate in the EDA Finance Committee review.

The loans will be secured by personal and corporate guarantees, and if applicable a lien on equipment financed and subordinate mortgage on the property.

Installation must be certified through a licensed contractor and electrician. New construction is eligible when participating with a utility company rebate program. Eligible costs shall include only incremental costs over industry design standards.

Permitted Fund Uses:

- a. Energy efficiency measures installed in or on a building include:
- b. Facility systems optimization (commissioning/re-commissioning)
- c. Facility systems control improvements
- d. Process efficiency improvements (CenterPoint Energy)
- e. Lighting efficiency improvements
- f. Heating, ventilation and air conditioning system modifications
- g. Exterior envelope improvements
- h. Motor and pump efficiency improvements
- i. Ground-source heat pump systems used to heat or cool a facility
- j. Installation of equipment or devices that use renewable energy sources to generate electricity or heat or cool a building including solar electricity (photovoltaic), wind turbine or solar thermal.

**Ineligible Fund Uses:**

- a. Inventory
- b. Refinancing of existing debt
- c. Working capital
- d. Expenditures for the construction and/or renovation of residential units

**Micro-Brewery Loan**

Purpose: The Micro-Brewery microloan is available to business and property owners located within the city of Elk River.

Amount: Up to \$74,999 of secondary financing not to exceed 20% of the Total project cost.

Equity: Must have private-sector commitments for 50% of the project cost. Borrower must provide 10% or more of project financing.

Rate: Fixed at 3%.

Term: Financing with a balloon payment in up to 5-years. Loans may be amortized up to the following limits:  
10 years on equipment uses

Extension: In the event that the Borrower is unable to obtain conventional financing to replace the Microloan at the end of five years, the loan may be extended up to two additional years at a market rate of interest.

Criteria: At a minimum, 50% of Microloan dollars must be used for the purchase of equipment.

Loans must be supported by sufficient collateral, which will include personal guarantees.

**Permitted Fund Uses:**

- e. Renovation and modernization of buildings
- f. Furniture, fixtures, and equipment (FF&E)
- g. Exterior renovation of retail or commercial buildings
- h. Financing of leasehold improvements including façade improvements will be considered at a limit of \$25,000

**Ineligible Fund Uses:**

- a. Inventory
- b. Refinancing of existing debt
- c. Working capital
